

## Recycling & Organics Update

Since our curbside pickup Recycling program began in 2012, we are pleased to advise that over 50% of the community is engaged in the program, and we thank you.

The rate for Recycling is \$9.00 + GST per resident per month and the rate for Organics is \$7.75 + GST per resident per month.

For both programs we recommend the large sturdy plastic containers, with wheels and connecting lids, which can be managed by machines. These containers are durable, easy to maneuver and the attached lids make it virtually animal-proof.

EVRC can provide you with either a Blue bin, for recycling, or a Black bin, for Organics, and they are delivered right to your door! Similarly, many residents have a Black container which they use specifically for their garbage. As previously written by our President, with a growing trend of waste removal contractors only offering services to communities which have these types of containers, we encourage residents to consider adopting such waste removal containers in advance of this being mandatory.

The cost of a container is \$74.95 +GST. Payment for the bins as well as the Recycling and Organics programs is by pre-authorized debit (PAD) at the same time as Resident Club fees, on the first of every month. If you would like to sign up for either program, or purchase a bin for your garbage, kindly contact the office at 403-240-4386, or email [admin@elbowvalley.org](mailto:admin@elbowvalley.org).

The Organics pickup is on Thursdays and recycling is on Friday. The program runs for seven months from the **beginning of May** to the end of **November** each year. Our organics program consists of grass clippings and organic yard waste.

Note that recycling and regular waste is collected by two different trucks.

## Summer is Coming!

Summer is coming and it's time to get out and start enjoying all that Elbow Valley has to offer.

Last year your board of directors purchased two stand up paddle boards for the residents to use. Also available for use are kayaks, paddle boards, a beach volleyball set and pickle ball equipment.

Visit the website for information on accessing these items.

To complete your fun activities firepits are also available. These are first come first serve.
